Currently, PBH (formerly Piedmont Behavioral Health) is the only Local Management Entity (LME) operating under a combined 1915(b)(c) waiver, usually referred to as a "managed care" waiver. PBH covers Cabarrus, Davidson, Rowan, Stanly and Union Counties. The state has been clear on their intent to convert all of NC to these waivers.

The Arc of North Carolina continues to research how people with intellectual and developmental disabilities are being served by PBH. It is essential that we get together and talk about this.

It is **very important** that we understand how these waivers are working for people with intellectual and developmental disabilities.

We would like to hear from **YOU** (parents, self-advocates, providers, and advocates) how services and supports are working in the PBH area:

- Are people with disabilities getting the services they need?
- Do people have choices in terms of their services?
- Are people who receive supports and services leading meaningful lives in the community with desired outcomes?
